

Xcorpion X350 Media Center PC System

- Windows XP Media Center Edition™ Operating System
- Built in TV tuner, compatible with NTL /Sky set-top-box or digital-terrestrial TV antenna:
- Pause or record live TV
- Schedule TV recording (up to 2 weeks in advance) with automatically downloaded programme guide
- Ease of operation, achieved through sophisticated Windows interface and hand-held remote control
- Immense 400 Gigabyte hard drive for backup of CDs, DVDs, digital photography and recorded TV. (Stores approximately 50 DVD movies, 200 audio CDs and 24 hours of recorded television)
- 3.2GHz Hyper-threading Pentium4™ processor, coupled with 1 Gigabyte of dual-channel DDR memory
- Gigabit (10/100/1000 speed Ethernet) or (optionally extra) 802.11g wireless network card. Broadband internet ready

- nVidia 7300GS graphics card, for direct compatibility with wide-screen flat panel (1366x768 pixel) LCD TVs
- Dual layer (slot-loading) CD /DVD writer
- High-definition (analogue) audio or (digital) coax /optical SPDIF
- USB2 & Firewire ports (on front and rear panels) for easy connect of mp3 players cameras and camcorders
- Multi function card reader (on front panel) for Secure Digital, Compact Flash and Smart Media cards
- Media Center Remote Control with built in IR receiver
